**E-Mail:** niki.tsouchlaraki@chenveng.tuc.gr

- **Staff:**

<b>Name</b>	<b>Specialization</b>	<b>E-MAIL</b>
Kourgialas Nektarios	Agricultural Engineer, PhD	nektarios.kourgialas@enveng.tuc.gr
Polakis Nikos	Rural and Surveying Engineer, Phd cadidate	npolakis@isc.tuc.gr
Giannopoulou Stella	Rural and Surveying Engineer, MSc	sgiannopoulou1@isc.tuc.gr

- **Research Activities**

Research Unit of Geodesy and Geographic Information Systems was founded in September 2006, aiming to teach and conduct research on issues related to:

- Capture and design parts of Natural Earth Surface with modern geodetic instruments and using appropriate software.
- The introduction and use of GIS and design applications in environmental issues.

- **Lab infrastructure**

1)3 Total Stations and their staff, 2)2 levels and their staff, 3)10 measuring tapes, 4)7 GPS, 5)3 laptops, 6)2 PC, 7)2 multifunction printers, 8)1 plotter, 9)1 scanner, 10)2 printers.

- **Research Projects**
